

### Cheese Chilli Seasoning

<b>Product Name</b>	Cheese Chilli Seasoning
<b>CAS No.</b>	-

Cheese chili seasoning is a flavorful blend of cheese and chili spices, offering a combination of creamy and spicy notes. It's popular for enhancing snacks and appetizers, especially in Indian cuisine, and can be used on popcorn, fries, or in dishes like cheese chili toast. The seasoning can range from mild to spicy depending on the chili variety and other ingredients included.

<b>Applications</b>	
<b>Perfect for Snacks</b>	Cheese chili seasoning is a versatile spice blend used to add a cheesy and spicy flavor to a variety of snacks. It's commonly used on popcorn, fries, nachos, and other savory treats to enhance their taste.
<b>Soups and Sauces</b>	Cheese chili seasoning can be added to soups and sauces to enhance their flavour.
<b>Bakery Product</b>	A blend of dried cheese, chili peppers, and other spices, can be a flavourful addition to bakery products like Savory bread, muffins, and biscuits. It enhances both the taste and aroma of baked goods, offering a spicy and cheesy kick.
<b>Frozen Food</b>	Cheese and chili seasonings are popular in frozen foods, often used to enhance the flavour of items like nuggets, fries, and snacks

<b>Packaging</b>	25 Kg HDPE/Cartoon Drum/Box/Bag
