

Lime Chilli Seasoning

Product Name	Lime Chilli Seasoning
CAS No.	-

Lime Chilli Seasoning is a flavourful blend combining the tanginess of lime with the heat of chilli, used widely across global cuisines. It delivers a zesty, spicy, and slightly salty flavor that enhances both taste and aroma in various foods

Applications	
Snack Foods	Lime Chilli Seasoning is widely used in the snack food for its bold, tangy, and spicy profile that enhances taste and consumer appeal.
Sauces	Lime Chilli Seasoning is a dynamic flavour enhancer used extensively in the sauce industry, where its tangy, spicy, and zesty notes elevate taste profiles.
Bakery Products	used in various bakery products to add a spicy and tangy flavour. It's often used to enhance the taste of cookies, cakes, breads, and even Savory pastries like empanadas or stuffed breads.
Beverages	Lime chili seasoning can add a bold, tangy, and spicy twist to beverages—especially in fusion, mocktail, and cocktail creations.
